

# NOTICE OF TERMINATION OF LICENCES FOR VARIOUS ENTITIES

The Financial Services Regulatory Authority (FSRA) hereby advises all clients of the underlisted financial services providers, stakeholders, and members of the general public that the business licenses of the service providers have **not** been renewed and therefore prohibited from operating in the non-bank financial services sector. This is due to their failure to comply with the license requirements in terms of the law. The non-bank financial services industry, stakeholders and the general public are advised to cease any dealings that they may have with any of the service providers with immediate effect.
